EDUCATION

Folsom Lake College

AA Computer Science

3.8 GPA

Aug 2022 - May 2024

University of California, Davis

B.S Computer Science

--

Sept 2024 - Current

Relevant Coursework: Algorithms, Data Structure, x86 Assembly Language, Object Oriented Programming

EXPERIENCE

CS50/CS50P

Sept 2020 - May 2022

- Finished numerous projects that taught me the basics of **C** and **Python** along with introductory concepts into **Algorithms and Data Structures**
- Taught me the concept of version control and how to use of **Git** and **Github**

FLC++

Aug 2022 - May 2024

Vice President

- Managed over 50+ students and created a website using **SQL, Python, HTML, CSS, JavaScript**
- Hosted weekly meetings that provided guidance and explanations on some of the tools we were using

LEADERSHIP

- Managed over several projects and encouraged my peers to stay motivated while meeting weekly deadlines
- Became more adept to problem solving and situational/emotional awareness while working with others

PROJECTS

Speech to Text Language Interpreter

- Goal of this project was to provide people with a foreign background an easier way to understand resources from channels such as FreeCodeCamp.org or CS50 videos
- Used **Python** and different **API's** to convert foreign language audio into subtitled captions on the video

Personal Website

- Created a website that cleanly and neatly shows off my portfolio
- Developed this using pure **HTML, CSS, and JavaScript** and is constantly being managed and updated

SKILLS

Programming: C, C++, JavaScript, Python, x86

Technologies: HTML, CSS, React, SQL, Git/Github
